

## **Mr. Crappie Slab-Slanger Gloves are Your Newest Fish Cleaning Ally**

*Use Smith's Innovative Fillet Gloves to Clean Fish with Safety, Comfort, and Ease*

Many successful fishing trips end with a visit to the cleaning table. Here, the day's catch is transformed into healthy and delicious table fare to be enjoyed by anglers both young and old. Fish cleaning is not without its own hazards, posed by sharp knives and by the fish themselves. Mr. Crappie – Wally Marshall – has been teaching the world how to catch and clean crappies for decades, and leveraged his expertise to help Smith's Consumer Products develop the new Mr. Crappie Slab Slinger Cut-Resistant Gloves: Your newest fish cleaning ally.

Smith's [Mr. Crappie Slab Slinger Cut-Resistant Gloves](#) are designed for safe fish handling and processing in any kind of weather. These innovative non-slip gloves are manufactured from food-grade high-performance polyethylene, which is four times stronger than leather and provides Cut Level 5 protection for your hands – perfect when cleaning fish with Smith's razor-sharp fillet knives. Similarly, the Slab Slinger Cut-Resistant Gloves shrug off fish spines, fins, gill plates and even the random swallowed fish hook that anglers may encounter at the cleaning table.

Let's face it: Fish cleaning is a messy job. Happily, Smith's Mr. Crappie Slab Slinger Cut-Resistant Gloves are both machine- and hand-washable, so it's easy to keep them clean and sanitized after a long workout at the fillet table. These thoughtfully-designed gloves are also shrink-resistant, keeping them soft and flexible even after repeated washing. Moreover, Smith's Slab Slinger glove material is manufactured for maximum breathability, so your hands stay cool and comfortable while transforming fresh fish into perfect fillets. Avid anglers will appreciate that Smith's Slab Slinger Cut-Resistant Gloves provide welcome hand protection during other activities using sharp equipment or materials, such as food preparation, cutting, wood carving, slicing, carpentry, metalwork, and more.

Pairs of Smith's [Mr. Crappie Slab Slinger Cut-Resistant Gloves](#) are available in size XL – suitable for most hands – and have an **MSRP of \$15.99**. Look for Smith's innovative Slab Slinger Gloves in the ICAST New Product Showcase, and learn more about all of the new offerings from Smith's Consumer Products – the Edge Experts since 1886 – by visiting **booth 2508** at **ICAST 2022**.

### **About Smith's Consumer Products:**

Smith's Consumer Products is an Arkansas-based company that traces its history to 1886. Smith's produces the broadest line of knife and scissors sharpeners available, ranging from simple, fixed angle pull-through sharpeners for consumers that want quick and easy sharpening to sophisticated Precision Kits designed for the knife sharpening enthusiast. Our offering includes both manual and electrical sharpeners that incorporate many different abrasive materials, including diamond, carbide, ceramic, bonded synthetic abrasives, and, of course, natural Arkansas stones. The Edge Experts at Smith's Consumer Products also design and manufacture a wide range of tools for outdoor enthusiasts as well as knives for everyday carry, tactical, shop, kitchen, hunting, and fishing needs.
